RE: Facility ID No. 777-00338, Acu Roc Crushing LLC
Permit by Rule Registration Notification-PR-060066

Dear Mr. Sexton:

The Idaho Department of Environmental Quality (DEQ) received a Permit by Rule Registration form for a Nonmetallic Mineral Processing Plant from Acu Roc Crushing LLC, on December 28, 2006. The registration is for the following equipment:

Pioneer Impact crusher
Serial : VR5260-002
Capacity (T/hr): 300
Manufactured (yr): 1994

Pioneer Screen
Size (ft): 6X20 (3 decks)
Serial No.: 94-5060-004
Manufactured (yr): 1994

Caterpillar Generator
Output (kW): 545
Fuel Type: Grade 2 Fuel Oil

El Jay Cone crusher
Serial : FSG61332
Capacity (T/hr): 150
Manufactured (yr): 1997

El-Jay Screen
Size (ft): 6X20 (3 decks)
Serial No.: 34J0388
Manufactured (yr): 1997

Your registration for Permit by Rule is in our files. The listed equipment was registered by Continental Custom Crushing and Asphalt on March 3, 2004 (PR-040006). Continental Custom Crushing and Asphalt later requested that the PBR be terminated. DEQ terminated PR-040006 on October 27, 2004. We recommend that you maintain a copy of this letter and a copy of the enclosed registration form for your records.

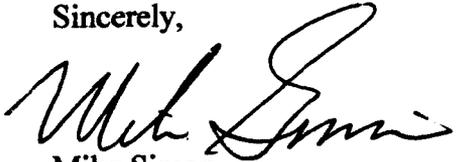

Please be advised that the registered equipment must comply with the Rules for the Control of Nonmetallic Mineral Processing Plants in accordance with IDAPA 58.01.01.790 through 802 (Rules for the Control of Air Pollution in Idaho). You can download a copy of the rules by visiting the rules page on DEQ's web site at

http://www.deq.idaho.gov/rules/admin_rules.cfm

Other Air Quality Requirements

You will be required to submit a portable equipment relocation form each time the plant is moved to a new site of operations. DEQ requires that this form be submitted at least ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience. You are also required to log the hours of operation for any electrical generator used, log all fugitive dust complaints, and log all triggers that initiate fugitive dust control. A copy of each of those forms is enclosed for your convenience. If you have any questions regarding this Permit by Rule process, please contact Bill Rogers at (208) 373-0502 or william.rogers@deq.idaho.gov.

Sincerely,

Mike Simon
Stationary Source Program Manager
Air Quality Division
