

Fish Creek TMDL Implementation

Intent of the TMDL Implementation Plan

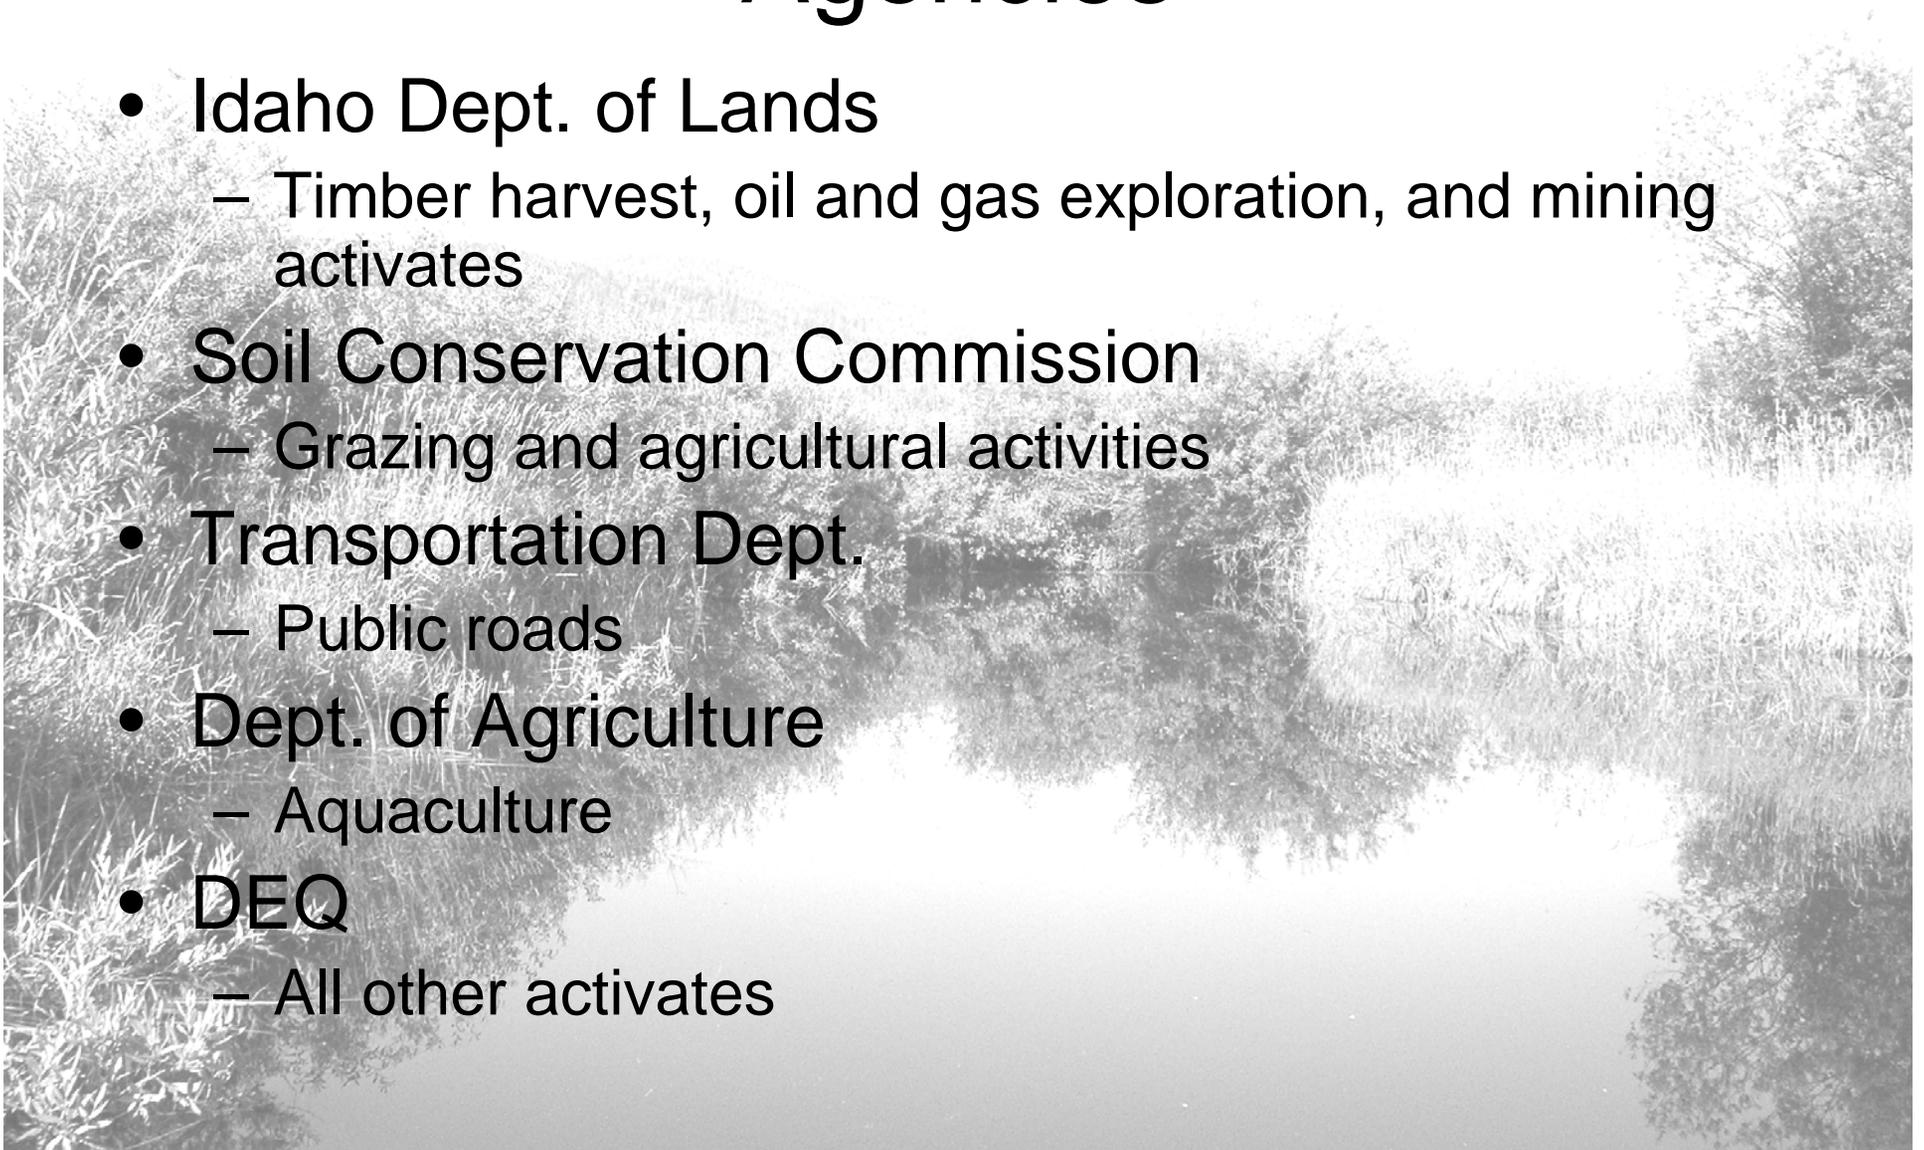

- Reduce pollutant loads identified in watershed assessment and TMDL through on-the-ground projects

- Sediment
- Temperature
- Bacteria

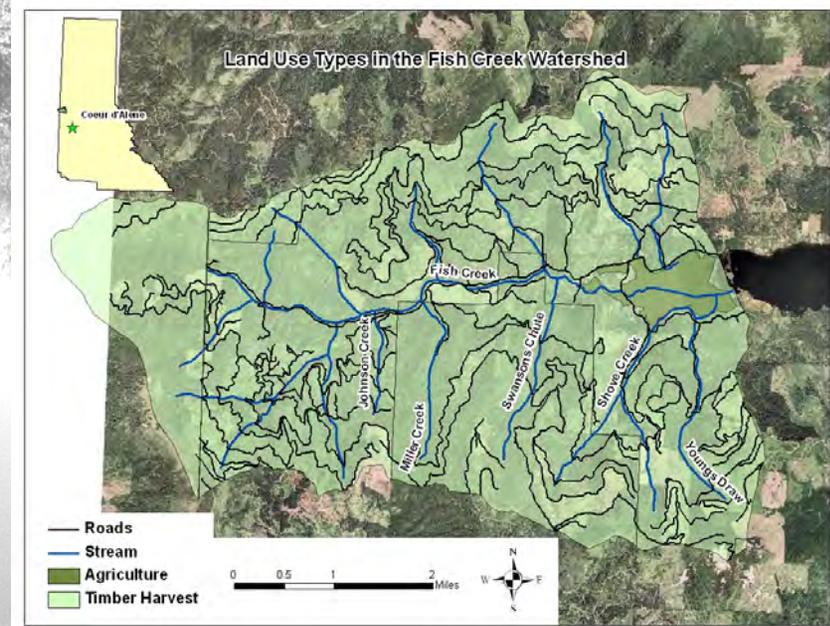

Idaho Designated Management Agencies

- Idaho Dept. of Lands
 - Timber harvest, oil and gas exploration, and mining activities
- Soil Conservation Commission
 - Grazing and agricultural activities
- Transportation Dept.
 - Public roads
- Dept. of Agriculture
 - Aquaculture
- DEQ
 - All other activities

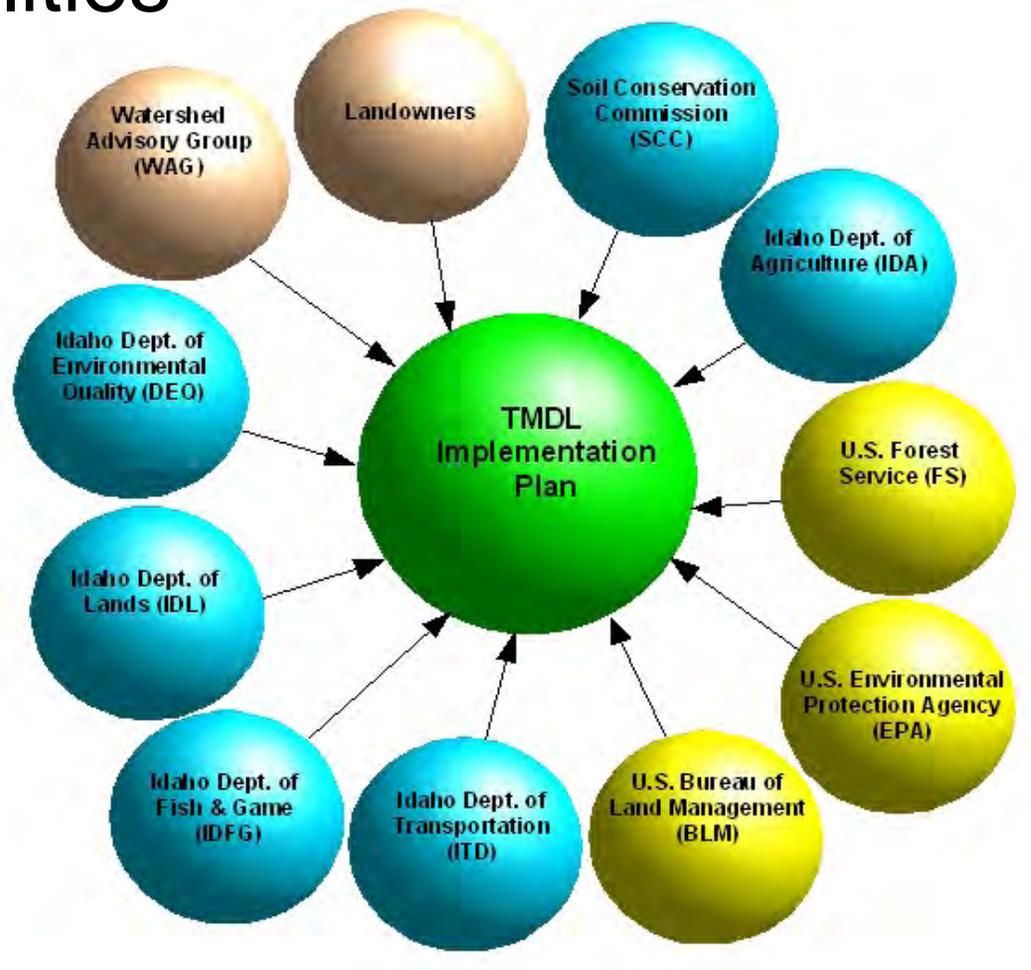

Idaho Designated Management Agencies

- Idaho Dept. of Lands
 - Timber harvest, oil and gas exploration, and mining activities
- Soil Conservation Commission
 - Grazing and agricultural activities
- Transportation Dept.
 - Public roads
- Dept. of Agriculture
 - Aquaculture
- DEQ
 - All other activities

Agency Involvement

- Possibilities

Current Status

- TMDL approved June 5, 2008
- Second meeting to discuss TMDL implementation
- In contact with NRCS

And

- Developing a draft Implementation Plan

Next Steps

- DMA review of draft document
- Project development
- Watershed tour
- Grant applications
- Continue meeting with WAG
